VARUN AMBULGEKAR

DEVELOPER

PROFILE

Enthusiastic and dedicated Computer Science student seeking a role in App Development where I can apply my skills in Flutter, iOS development, and various programming languages. Eager to contribute to innovative projects and continue learning and growing in the field.

PROJECT EXPERIENCE

- **Developed a Gym Website using: HTML, CSS, and JavaScript** JAN - JUNE 2024

  Developed a GYM website as a WT Project during my academic year which is totally capable of handling the Database and Members of a GYM.
  - Easy blog Posts for updates and Management of members.
  - Contact form integrated with Web3Forms API for handling inquiries.
  - This project helped the Gym Manage around 100 members.
  - Interactive elements for enhanced user experience.

- **Created a React Native App using: React Native from scratch** AUG - SEP 2024
  - Cross-platform compatibility for iOS and Android devices.
  - Core features including user authentication and push notifications.
  - Interactive UI elements and seamless performance across platforms.
  - Focus on consistent user experience and responsiveness.

- **Developed a Responsive E-Commerce Website using: REACT** SEP 2024 - ONGOING

  The intuitive design and broad device compatibility led to increased user satisfaction and accessibility.
  - Utilizes React.js for interactive and dynamic elements.
  - Adapts seamlessly to both PC and mobile browsers.
  - Features a clean and intuitive user interface.
  - Ensures cross-browser compatibility.
